

# DAVIS SCHOOL DISTRICT

Online Learning Options for Grades K-12

## Online Courses for Students in Grades 9-12

Davis School District students now have the opportunity to utilize online education as part of their schooling experience. Students may enroll in online courses for original credit (not recovery or make-up credit). Online courses combined with regular classes may not exceed the number of courses taken during a regular school day. Parents assume the responsibility for students during the release time from the school day.

After meeting with a school counselor, high school students may register for up to two online credits per year. Courses are free to the student except for classes which require fees such as driver education.

Classes are available through [Utah Students Connect](http://www.utahstudentsconnect.org) (<http://www.utahstudentsconnect.org>) or other [outside providers](http://www.schools.utah.gov/edonline/) (<http://www.schools.utah.gov/edonline/>)

A final proctored test will be issued at the end of each term for each course. Final testing will be held at the students school, or at the district offices. Click here for a list of proctors. Final testing through outside providers will need to be arranged through those providers.

## Online Courses for Students in Grades K-8

Davis Connect, Davis School Districts online K-8 school, offers courses for full-time students. We provide a strong, research-based, interactive and supportive curriculum.

To find out how to register, go to the [Davis Connect Website](http://www.davisconnectonline.org) (<http://www.davisconnectonline.org>). When you have pre-registered, the enrollment forms will be sent to you. Complete the forms and return them to Davis Connect to complete enrollment.
